AgriSmart Volunteer Opportunities

AgriSmart is an emerging agritech initiative focused on empowering smallholder farmers with climate intelligence, market insights, and data-driven decision tools. Our volunteer program offers opportunities for passionate individuals to contribute to agritech innovation, social impact, and community development. All positions are **remote** (open to applicants based in Kenya and internationally), **volunteer (unpaid)**, with a duration of **3-6 months** (renewable depending on project needs and performance) and a weekly time commitment of **8-12 hours**.

---

1. Project Coordinator

Role Overview:
The Project Coordinator will oversee planning, coordination, and implementation of AgriSmart pilot activities. They will manage timelines, track milestones, and ensure smooth cross-team collaboration.

Key Responsibilities:

- Develop and maintain project plans and timelines.
- Track progress against deliverables and update Gantt charts.
- Facilitate communication across technical, operations, partnerships, and monitoring teams.
- Schedule meetings, maintain agendas, and document action items.
- Identify risks and support mitigation strategies.

Minimum Requirements:

- Diploma or Bachelor's Degree in Project Management, Business Administration, Agriculture, IT, or related field.
- Strong organizational and communication skills.
- Final-year students or recent graduates encouraged to apply.

---

2. Finance & Administration Officer

Role Overview:
Manage AgriSmart's financial and administrative operations, including budgets, expense tracking, reporting, and procurement.

Key Responsibilities:

- Support budget preparation and expenditure tracking.
- Maintain financial records and assist in financial reporting.
- Oversee procurement and administrative logistics.
- Document processes and support operational reporting.

Minimum Requirements:

- Diploma or Bachelor's Degree in Finance, Accounting, Economics, Business Administration, or related field.
- Strong numerical, analytical, and organizational skills.
- Proficiency in Excel and Microsoft Office.

---

3. Partnerships & Community Coordinator

Role Overview:
Build relationships with cooperatives, NGOs, and community leaders to support AgriSmart adoption and scale impact.

Key Responsibilities:

- Identify and engage potential partners.
- Coordinate community outreach events, workshops, and training sessions.
- Serve as liaison between AgriSmart and local communities.
- Collect community feedback to inform project improvement.

Minimum Requirements:

- Diploma or Bachelor's Degree in Social Sciences, Development Studies, Business, Agriculture, or Communications.
- Excellent communication and networking skills.
- Experience in community engagement is an advantage.

---

4. Operations & Logistics Officer

Role Overview:
Coordinate logistics, resources, and on-the-ground support for AgriSmart pilot activities.

Key Responsibilities:

- Manage logistics for workshops, training sessions, and field activities.
- Support allocation of resources and equipment for pilots.
- Coordinate volunteer schedules and assignments.
- Track operational activities and report challenges.

Minimum Requirements:

- Diploma or Bachelor's Degree in Business Administration, Logistics, Supply Chain Management, or related field.
- Strong organizational and problem-solving skills.
- Ability to work independently and coordinate multiple tasks.

---

5. Monitoring & Evaluation Officer

Role Overview:
Track project performance metrics and provide insights to improve pilot outcomes.

Key Responsibilities:

- Design and maintain monitoring tools and dashboards.
- Collect, analyze, and report on pilot data.
- Identify trends, challenges, and areas for improvement.
- Support internal reporting and documentation of learnings.

Minimum Requirements:

- Diploma or Bachelor's Degree in Data Science, Statistics, Social Sciences, Development Studies, or related field.
- Strong analytical and reporting skills.
- Proficiency in Excel or data analysis software.

---

6. Technical Support Administrator

Role Overview:
Provide technical assistance and troubleshoot platform access for volunteer teams and project stakeholders.

Key Responsibilities:

- Support onboarding and training of users on AgriSmart platform.
- Troubleshoot technical issues for volunteers, farmers, and partners.
- Document common technical problems and solutions.
- Coordinate with technical development team to resolve platform issues.

Minimum Requirements:

- Diploma or Bachelor's Degree in IT, Computer Science, or related field.
- Basic troubleshooting and technical support skills.
- Strong communication and problem-solving abilities.

How to Apply

Interested applicants should submit the following through the AgriSmart Careers page:

- Updated Resume / CV
- Cover Letter
- Motivation Statement (maximum 500 words) explaining why you would like to volunteer with AgriSmart.

Shortlisted candidates may be invited for a brief virtual interview.

Equal Opportunity Statement

AgriSmart provides equal opportunities regardless of nationality, gender, or background. Applications are welcome from Kenya, across Africa, and internationally from individuals passionate about agriculture, technology, and social impact.
