FINANCE & ADMIN OFFICER JOB DESCRIPTION

AgriSmart Volunteer Position: Finance & Administration Officer

Duty Station: Remote (Open to applicants based in Kenya and internationally)
Duration: 3 – 6 Months (Renewable depending on project needs and performance)
Time Commitment: Approximately 8 – 12 hours per week
Type of Engagement: Volunteer (Unpaid)

About AgriSmart

AgriSmart is an emerging agritech initiative focused on empowering smallholder farmers with climate intelligence, market insights, and data-driven agricultural decision tools. The platform aims to help farmers make informed decisions on planting, harvesting, and selling produce by integrating localized weather forecasts, market price signals, and digital advisory services. AgriSmart is currently preparing for its initial pilot deployment with farmer cooperatives, and we are building a team of passionate volunteers who are interested in contributing to agricultural innovation, technology, and social impact. We welcome applications from Kenyan professionals, students, and international applicants who would like to support the development of solutions that improve farmer livelihoods.

Role Overview

The Finance & Administration Officer will support AgriSmart's financial management and administrative operations during the pilot preparation and early deployment phases. The role involves managing financial records, preparing budgets and reports, overseeing procurement processes, and ensuring smooth administrative operations. This position provides an opportunity to gain hands-on experience in financial management, organizational administration, and operations within an agritech and social impact environment.

Key Responsibilities

Financial Management

- Support preparation of budgets and monitor expenditures against approved plans.
- Maintain accurate financial records including invoices, receipts, and payment documentation.
- Assist in financial reporting and preparation of periodic financial statements.
- Track project-related expenses and ensure compliance with internal policies.

Administration and Operations

- Assist in managing day-to-day administrative activities of the project.
- Maintain organized records of project files, correspondence, and administrative documents.
- Support procurement of project supplies, equipment, and services according to guidelines.
- Ensure smooth coordination of logistics for meetings, events, and workshops.

Reporting and Documentation

- Prepare regular financial updates for project teams and management.
- Document administrative processes and maintain operational records.
- Assist in preparation of reports for partners and stakeholders as required.

Stakeholder Coordination

- Support communication and coordination with partners, collaborators, and vendors.
- Assist in responding to administrative or financial queries from stakeholders.

Minimum Requirements

Education:
Applicants should be pursuing or have completed a Diploma or Bachelor's Degree in one of the following or related fields:

- Finance, Accounting, or Economics
- Business Administration
- Administration or Management
- Development Studies
- Information Technology (with relevant experience in financial systems)

Experience and Skills:

- Students in their final year of study or recent graduates are encouraged to apply.
- Strong numerical and analytical skills.
- Proficiency in Microsoft Office, particularly Excel.
- Good organizational and record-keeping skills.
- Ability to maintain confidentiality and work independently.

How to Apply

Interested applicants should submit the following through the AgriSmart Careers page:

- Updated Resume / CV
- Cover Letter
- A Motivation Statement (maximum 500 words) explaining why you would like to volunteer with AgriSmart.

Shortlisted candidates may be invited for a brief virtual interview.

Equal Opportunity Statement

AgriSmart is committed to providing equal opportunities to applicants regardless of nationality, gender, or background. Applications are welcome from Kenya, across Africa, and internationally from individuals passionate about agriculture, technology, and social impact.
